decided about Mineral Rights of CBM which belongs to respective States; and

(e) whether CBM, if exploited, can solve electricity problem in Gujarat?

THE MINISTER OF PETROLEUM AND NATURAL GAS (SHRI RAM NAIK): (a) to (e) Coal Bed Methane (CBM), being Natural Gas, is covered under the provisions of the Oil (Regulation and Development) Act, 1948 and Petroleum and Natural Gas Rules, 1959. The available studies indicate the presence of CBM resources in the States of West Bengal, Jharkhand, Madhya Pradesh, Rajasthan and Gujarat. The commerciality of CBM production can be known only after exploration of these areas is carried out.

Government of Gujarat have requested for sharing of Production Linked Payment (PLP) and commercial discovery bonus in the ratio of 50:50 and this request is under the consideration of the Government of India. Under the CBM policy, the contractors would be free to sell CBM in the domestic market, which would cover the power sector in Gujarat as well.
